Avis

Je suis un passionné de l'aquarelle et de l'art pictural ainsi que de la photographie.
Pour la tenue de mon blog, je suis souvent amené à effectuer des recherches. J'ai souvent regretté qu'il n'existe pas un répertoire qui listerait les musées du Monde entier et renverrai directement vers le lien de leur site.Comme l'on « est jamais si bien servi que par soi même », je me suis mis à la tâche.
J'ai pour habitude de ne pas faire de rétention d'information et de partager sur mon blog, mes trouvailles, mes découvertes, en un mot l'esprit participatif de la toile. C'est pourquoi je mets mon dossier à la disposition des internautes intéressés.
Ce dossier sous le format PDF permet de faire des recherches, à l'aide du moteur intégré. Sauf erreur ou omission les noms de continents, pays, villes sont écrits en français et en anglais.
Comme pour tout document rédigé par un auteur, celui-ci bénéficie de la « propriété intellectuelle » Bien entendu, cela ne doit pas empêcher sa diffusion, je l'espère la plus large possible. Cependant, je souhaite, si des bloggeurs sont intéressés de le faire connaître à leurs lecteurs, de mettre un lien vers mon blog. S'ils veulent le mettre ne ligne sur leur propre blog, je leur serais reconnaissant de ne pas le dénaturer et donc de le mettre en état. Je pense qu'ils observeront « la nétiquette » et me préviendront.
Enfin, il est évident que tout usage à des fins commerciales devra, après discussion, obtenir mon accord écrit et devrait faire l'objet d'un juste dédommagement
Cordialement

Notice *

I am a passionate and watercolor painting as well as regarding the photography. For keeping my blog, I am often asked to conduct research. I have often regretted that there is not a directory that lists museums around the world and directly refer to their links. As we "are never so well served as by oneself," I started the task. I usually do not withholding information and share on my blog, my findings. I discovered, in a word, the spirit of the participatory web. That's why I put my file avalable to the interested. This file in pdf format can be searched using the engine integrated. Errors and omissions excepted the names of continents, countries, cities are written in french and English.As with any document written by an author, it enjoys the "intellectual property" of course, this should not prevent its spread, I hope the widest possible audience. However, I wish, if bloggers are interested in informing their readers, to put a link to my blog. If they want to do a line on their own blog, I would not be denatured and thus bring it into condition. I think they will observe netiquette" and will advise me. Finally, it is clear that any use for commercial purposes shall, after discussion, obtain my written agreement and should be a fair compensation
